

Dear Year 6,

We have provided a range of reading, writing and maths activities for you to complete during your stay at home. You have the freedom to choose the order in which you complete the tasks and we encourage you to attempt as many as possible during your time at home. Some of the activities can be completed (neatly) in your homework book.

We are very proud of all of your hard work this year. This is your opportunity to show your adults at home the amazing work that we, as teachers, see every day in school.

From,

Year 6 teachers
